All lunch and dinner buffets will be also served in the student cafeterias.

*Dairy-free, gluten-free, and vegetarian options are available. You're responsible for notifying your coordinator the number of participants that will need supplementary food options.

INCLUDED ACTIVITIES

One Night of Lodging

Our youth conference groups get to have the ultimate college experience by staying in the very same residence hall that our college students room in throughout the school year. Due to the large number of youth groups that come to campus during the summer, USU will determine and reserve the appropriate residence hall for your group.

We will provide a fillable rooming list indicating the bed spaces that have been reserved for your group. The purpose of this list is for you to make room assignments and for the safety of your youth here at USU. Your group's rooming list will be due one week before your youth conference and cannot be altered once submitted. For any questions about lodging, please reference our FAQ page.

Aggie Games

Crazy relays, ultimate Frisbee, climbing wall, water games, our famous Aggie Ice Cream, and a variety of other activities are organized and supervised by our energetic staff for an afternoon of fun.

Keynote Speaker

An evening devotional brings the end of your group's youth conference together. USU will provide a keynote speaker from our amazing USU Institute staff - each one of our teachers at USU Institute are well acquainted with speaking to youth, many of them travel the nation speaking to EFYs and youth conferences and excel at getting youth involved.

Dance

A dance with our professional DJ will be held in the USU Ag. Science Patio for all the youth conference groups attending the same week. All lighting, music, and activities will be in good taste and will be set by your conference coordinator. Dress for the dance is semi-formal.

Movie Under The Stars

Wind down after the dance by getting in your pajamas, grabbing your pillow and blanket and watching a family friendly show under the stars. In the event of bad weather the movie will be shown in doors.

Swim & Gym

Youth will enjoy access to the HPER swimming pool, volleyball courts, and basketball courts.

OPTIONAL ACTIVITIES

Team Building Activities

Let our staff facilitate team building activities that will expand your group's teamwork, communication, problem solving, and goal setting capabilities.

USU Challenge Course

The Challenge Course offers a two to four hour program. The staff at the course are highly trained and capable of providing a learning experience unique to your needs.

Importance of Higher Education Seminar

This is a one hour activity that focuses on higher education and highlights the great opportunities and programs at Utah State University, including a campus tour if you wish.
